

Prestige XL2

DTF Printer

Built for intermediate users seeking **high-speed, high-quality output** in smaller workflows.

Built for Production

23.62"

Print width

80 sq ft/h

Print speed

2

Printheads

Dual Epson i3200 printheads.

High-quality prints at 65 to 80 sq. ft. per hour, which is real production pace.

23.62" (60 cm) print width.

Full 24" class output in a compact design that does not need a dedicated room.

White ink that stays ready.

WIMS prevents clogging and maintains consistency across a long run.

Head strike and tension sensors.

The head strike sensor protects the printheads and the media tension sensor keeps material handling smooth.

Active and passive auto-cleaning.

Cleaning runs on a schedule and mid job, so downtime between orders stays short.

Support and warranty

- **Lifetime** DTF Station tech support
- **1-year limited warranty** on non-consumable parts
- **6-month warranty** on up to 2 printheads, with onsite training and installation
- **neoStampa RIP** and DTF Station Pilot driver included

Dealer Locator

24 Inches, Without the Overhead.

24 inch output, compact build.

The XL2 gives you a 23.62" (60 cm) printing width in a machine that still fits a normal production floor. For shops whose order sizes have outgrown a 13" or 16" machine, it is the shortest path to full width work.

Dual i3200 printheads.

2 Epson i3200 printheads run 65 to 80 sq. ft. per hour, with the White Ink Management System keeping white circulating so it does not settle or clog between jobs.

Sensors that protect the run.

A head strike sensor guards the printheads and a media tension sensor keeps roll material feeding evenly, so long jobs finish rather than fail partway.

Install & Facility

Dimensions (W x D x H)	65" x 34" x 56"
Machine Weight	300 lb (136 kg)
Power Supply	110 V
Rated Current	7.27 A
Power Consumption	800 W
